Some of the suggestions to improve the over all teaching-learning experience marked by students are given below:

1. For the performance of each teacher, we require a ranking system.
2. Provide more LCD projector, Multimedia etc.
3. More placement opportunities can be brought up.
4. It would be good if the teacher find the weakness of those children who are trying their best yet not achieving the maximum.
5. Use better graphics and visual media to engage students well.
6. Conduct internship programme and placement.
7. Need working, good lab apparatus in PG Physics lab
8. Make more availability of the recent edition books for referencing.
9. No improvement in English communication (will be better if teachers interact in English with students)
10. Bring to your attention the current state of the bathrooms which appear to be in need of more frequent cleaning. I would appreciate it if you could consider implementing a more robust bathroom cleaning schedule to address these concerns.
11. Need some exam oriented special classes.
12. Use more technology and digital tools improve the fun and experience of teaching.
13. Teachers has to improve their improve their communication skills.
14. Need more industrial visits.
15. Provide two way communication classes.
16. Teachers should be more friendly with the students.
17. All teachers teach us well, but they often fail to understand children's emotions and their situations.
18. Individual teacher analysis needed.
19. Kindly give more project and real problem to solve.
20. Provide more workshop and training sessions for practical improvements.
