REPORT OF THE TUTORIAL SYSTEM 2023-24

The tutorial system serves as a vital component of academic support and personal development. This system facilitates close collaboration between instructors and students, fostering an environment of intimate interaction and individualized attention. Tutors play a pivotal role in monitoring students' academic progress, providing guidance, and addressing a range of academic, familial, social, and emotional challenges that students may encounter during their college journey. By offering personalized support and guidance, the tutorial system enables students to better understand their strengths and weaknesses, ultimately enhancing their overall academic success and personal growth within the college community.

Coordinator: Arathy K D (Dept of Mathematics)

Members:

Praveena Vijayan (Dept of Commerce)

Yamuna K G (Dept of Economics)

Sheeja P Parayil (Dept of Botony)

Savitha Nandan (Dept of Zoology)

Arya Viswanath (Dept of Malayalam)

Remya L (Dept of Chemistry)

Minu K M (Dept of Physics)

Tutorial system collected the mentors' lists and mentor-mentee lists from various departments. Tutorial reports of all the completed semesters are prepared by the respective tutors based on the category wise and gender wise data regarding scholarships, club activities, extra curricular activities, participation in sports, arts, pass percentage in internal examinations, remedial coaching provided to needed students, details of seminars/workshops/internships attended etc. All the departments have conducted class PTA meetings of under graduate classes immediately after the internal examinations, in order to discuss the performance level of the students with their parents. Reports of the PTA meetings conducted by the departments are also collected.

REMEDIAL COACHING REPORTS OF MATHEMATICS DEPARTMENT

Remedial coaching plays a crucial role in addressing learning gaps and challenges faced by students. Remedial coaching provides personalized attention to students who may be struggling with specific concepts or skills. Many students may fall behind in certain subjects due to various reasons such as learning disabilities, gaps in prior knowledge, or ineffective teaching methods. Remedial coaching targets these areas of weakness, providing additional instruction and practice opportunities to help students catch up with their peers. The Department of Mathematics, Sree Narayana College, Nattika provided remedial coaching to the weak students of six semesters of BSc Mathematics programme. The internal examinations are conducted in a series by the internal examinations committee. Students who secured less than 40% marks in the internal examinations of each course are categorized for remedial coaching of the concerned course. The special coaching is handled by the teachers in charge of the concerned courses. Attendance records of remedial coaching classes are maintained in the department.

PTA MEETINGS OF MATHEMATICS DEPARTMENT

Class: Second semester MSc Mathematics

Date & Time: 26/06/2023 at 2 pm

Number of parents attended: 10

Total number of students in the class: 11

Name of the tutor: Arathy K D

The meeting commenced with a review of the overall performance of the students, considering both academic achievements and curricular aspects. Teachers provided detailed insights into each student's progress, highlighting areas of strength as well as areas needing improvement. A significant portion of the meeting was dedicated to discussing the learning difficulties faced by some students. Teachers shared observations and concerns regarding specific challenges encountered by students in their respective classes. Parents also provided valuable input based on their observations at home. The results of first semester University examinations and second semester internal examinations were discussed and analysed.

Following the discussion, the group collectively formulated an action plan aimed at addressing the identified learning difficulties. This plan includes: Implementing personalized learning strategies tailored to the needs of individual students and providing additional support through tutoring or mentoring programs. Ms Arathy K D, Head of the department and class tutor, welcomed the gathering. Ms Diviya K D, Dr Sreena T D, Dr Riya V M and Ms Anila N A, who are the faculty members of the department of Mathematics, and teachers in charge of various courses of S2 MSc Mathematics class, interacted with the parents. The meeting was concluded with a vote of thanks to the attendees, proposed by Ms Diviya K D.
