

ONAM EXHIBITION- AARAVAM 2023 (04-08-2023)

Department of Commerce and Entrepreneurship Development Club, Sree Narayana College conducted an exhibition and festival sale during Onam including different varieties of traditional items on 04-08-2023. The club invited nearby schools, organizations and public to set up stalls in the college premises.

The program was inaugurated by Sri Daly J Thottungal, Triprayar & Nattika Merchants Association President at the college seminar hall. Stalls of Kerala Khadi Village Industries Board, Kuthampully Handloom industry, Kudumbasree units highlighted the program. Special stalls from students including crafts, cakes, cards, desserts etc. were also included.

Starting from 11.00 am, the exhibition was a huge success and it was a wonderful learning opportunity for the students as they were able to explore their full potential and trading skills and got a stage to present their ideas. The event enlightened them on various aspects that are necessary to be considered while setting up small scale industries and other service or business enterprises. The event came to an end by 3.30 pm.

ഓണ പ്രദർശന മേള ആരംഭം 2023 സംഘടിപ്പിച്ചു

തൃപ്രയാർ • നാട്ടിക ശ്രീനാരായണ കോളജിൽ സംരംഭകത്വ വികസന ക്ലബിന്റെയും വാണിജ്യ വിഭാഗത്തിന്റെയും നേതൃത്വത്തിൽ ഓണ പ്രദർശന മേള ആരംഭം 2023 സംഘടിപ്പിച്ചു.

തൃപ്രയാർ - നാട്ടിക മർച്ചന്റ് അസോസിയേഷൻ പ്രസിഡന്റ് ഡാലി ജെ.തോട്ടുങ്ങൽ ഉദ്ഘാടനം ചെയ്തു.

മേളയിൽ ഖാദി ബോർഡ്, കുത്താമ്പുള്ളി, വി. വിമെൻ ബോട്ടിക്, വർമാസ് രൂപി വേൾഡ്,

ആലിൻ വെൽനെസ് കോക്കനട്ട് ഓയിൽ എന്നിവരുടെയും കോമേഴ്സ് വിദ്യാർഥികളുടെയും സ്റ്റാളുകൾ ഉണ്ടായിരുന്നു.

പ്രിൻസിപ്പൽ ഡോ.പി.എസ് ജയ, ആർ.ഡി.സി കൺവീനർ പി.കെ പ്രസന്നൻ, ഡോ.കെ.കെ ശങ്കരൻ, പ്രവിണ വിജയൻ, എൻ.വി സുരഭി,

അംഗങ്ങളായ കെ. ജി യമുന, കെ.പി ജ്യോതിമോൾ, കെ. അരുൺ അജിത്ത് പങ്കെടുത്തു.

As part of the wild life week 2023, the final year B.Sc students of the Post Graduate Department of Zoology, Sree Narayana College, Nattika organized a nature walk to the Chimmony Wildlife Sanctuary on 7th October 2023. 37 students along with 2 staff (Dr. Remya V.K, Head of the Department and Dr. Simi.S, Assistant Professor) went to the sanctuary. It was arranged through the Social Forestry Department of Kerala. Sri. Pramod, Forest Officer, Chimmony Wildlife Sanctuary guided us throughout the event. He deeply explained the hidden beauty of forests and the behavioral aspects of the wild animals. On the way we spotted many animals like wild squirrel, viper, poisonous spider, bisons and elephants. Students really enjoyed

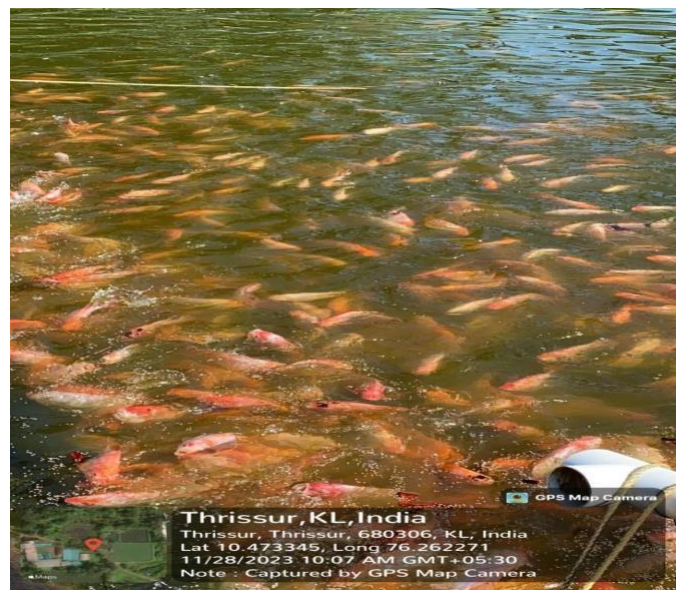

this real forest experience. In the afternoon a lecture session was arranged by the forest office which was lead by Sri. Rajesh, the Forest Office Assistant. He explained the conflicts between humans and wildlife and shared his experience during a forest fire which was really embarrassing. After the visit, we explored the “kottavanchi” journey through the chimmony dam site, which is really a biodiversity spot. By 5.00pm we returned to college.

Chimminy wildlife sanctuary is a protected area located along the Western Ghats in Chalakkudy taluk of Thrissur district, Kerala. Established in the year 1984, the sanctuary with an area of about 85.067km² is on the western slopes of the Nelliampathy hills. The highest peak in sanctuary is Punda peak. Along with the neighboring Peechi-Vazhani wildlife sanctuaries, it forms a continuous protected area of 210km². It also lies just West of Parambikulam wildlife sanctuary, providing some habitat connectivity with the forests of that relatively large protected area. The sanctuary consists of the watershed areas of the Kurumali river and the Mupliam River. The headquarters of the sanctuary is at Echippara which is 40km away from the city of Thrissur.

FISHERIES INSTITUTE

Post Graduate Department of Zoology had arranged a half day Field visit for second year post Graduate students to Rosen Fisheries Institute at Marathakkara, Thrissur on 28 Nov 2023. Rosen Fisheries has been in the field of Aquaculture since last 40 years. The Managing Partner, of Rosen Fisheries C.D. Sebastian is a Post Graduate in Fisheries. They have a group of supporting scientists, technicians and management experts. They have our own Hatchery, nursery, grow out systems, feed production system, laboratory facility, training facility with library etc. They are one of the major suppliers of Fish & Prawn seed and feed to private farmers, various government agencies, research station & Universities etc. since last 40 years. We provide consultancy service for shrimp & Fish culture and Hatchery throughout India. It is the first commercial scampi hatchery in India, started in 1987 with aid of Marine Products Export Development Authority of India. They are the first to produce organic scampi PL and participated in Indian organic aquaculture program initiated by MPEDA.

We had a detailed class on induced breeding by Mr C D Sebastian. Induced breeding is a technique where organism is stimulated by particular hormone or other synthetic hormone or by providing condition, introduced to breed in captive condition. The need for induced breeding is because of environmental conditions like photoperiod, rain, temperature, currents of water and insufficient release of hormone, deficient of natural food in captive condition. Induced breeding is practiced in a wide variety of species such as carps, catfishes, clarias, mullets, Tilapia etc.. They provided services such as pond based aquaculture system, flow through system, biofloc aquaculture system, recirculation aquaculture system, aquaponics. It provides us with an inspiring experience regarding the application of fisheries.

AIDS DAY AWARENESS PROGRAMME“LET COMMUNITIES LEAD”.

AIDS awareness programme entitled “Let Communities Lead” was conducted by the Health Club and Department of Zoology of Sree Narayana College, Nattika, on December 4th, 2023, on behalf of World AIDS Day at Sree Narayana Guru College of Advanced Studies, Nattika. It was an outreach programme to orient the student communities about AIDS outside our campus. The awareness programme was inaugurated by Dr.T.N. Sarasu, Principal, Sree Narayana Guru College of Advanced Studies, Nattika. The Programme aimed to aware the students about the pivotal impact of communities in shaping the responsibilities against this dreadful infection. IIndYear Post graduate students of Zoology were the Health Club Volunteers to acknowledge the students about the causes, symptoms, consequences, secondary infectionsof AIDS. After the orientation programme, a quiz competition based on AIDS was conducted in the SNGCAS Seminar Hall, Nattika

AWARENESS PROGRAM

The NCC, NSS, Anti Narcotic cell and IQAC units of Sree Narayana college Nattika conducted an Awareness talk about the Impact of Drug Abuse on Society on 6th October 2023.

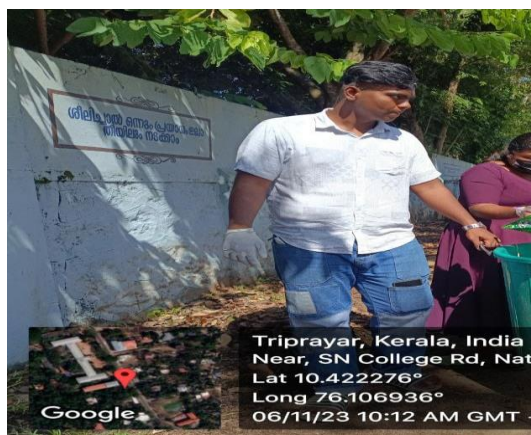

The program was started at 2pm on seminar hall. Presence of NSS and NCC cadets of Sree Narayana College make to success. 30 Cadets of NCC joined the program and welcome speech by Smt. Diviya K. D (Co Ordinator, Anti Narcotic Cell), principal in charge professor Dr. Subin; Dr K K Shankaran (IQAC Co Ordinator) and ANO Captain K. S Letha (NCC officer) share the few words about program. Sir. Jithin M P (Civil excise officer) was the moderator. Finally, the thank full speech by Dr. Remya V. K (NSS program Officer). The program ended at 4pm.

The debate occurs under the presence of ward member Sri Suresh Iyyani and other public representatives. The debate section between 3 to 4 pm.

MalinyamuktaNavakerala phase 2 action

In connection with the project "MalinyamuktaNavakerala phase 2 action", under the leadership of NSS volunteers of SreeNarayana College, Nattika; 7 groups were formed and they cleaned the area from an auto stand near SN college to SN Ladies Hostel, Nattika. Engagement in a community-driven environmental cleanup proved to be a transformative experience. As volunteers, we tackled littered areas, overgrown bushes and grasses, and so on. Armed with gloves and eco-friendly bags, our collective effort yielded a significant waste reduction. Sorting through recyclables and non-recyclables, we emphasized upon sustainable practices. Not only did the clean up visibly enhance the aesthetics of the area, but it also contributed to a sense of pride and responsibility within the community. The project concluded with a commitment to ongoing efforts, emphasizing the importance of individual actions in preserving our environment. Overall, the clean up underscored the tangible positive changes achievable through collective environmental stewardship.

INTERNATIONAL WOMENS DAY CELEBRATION – A TALK ON WOMEN SAFETY AND LAW AND SIGNING OF AN MOU WITH STREECHETHANA,KOZHIKODE ON 26/03/2024

Sree Narayana College and Sthreethethana,Kozhikode , an NGO committed to empowering women, grooming children and upliftment of society at large – decided to unite to carry out programs for promoting education, skill development, mental and physical health, and addressing various issues for women. A MOU was signed in the programme. Key note address was initiated by Adv Jisha Pallikkara . The talk was on Laws related to women and safety.

The talk highlighted Women's safety is a critical concern in India, with rising incidents of gender-based violence. An overview of the legal framework protecting women's rights in India was highlighted and discussed the challenges and solutions to ensuring women's safety. And also discussed Indian Penal Code (IPC): Sections 354 (assault or criminal force against a woman), 376 (rape), and 498A (husband or relative of husband of a woman subjecting her to cruelty), Protection of Women from Domestic Violence Act (2005) which Provides legal recourse for victims of domestic violence, Sexual Harassment of Women at Workplace (Prevention, Prohibition, and Redressal) Act (2013) which addresses workplace harassment

MOU was signed by the Principal Dr Subin M P and Smt Supriya, President , SthreeChethana

നാട്ടിക എസ്.എൻ കോളേജിൽ ഇൻവെസ്റ്റ് ഇൻ വിമൻ സിംപോസിയം

തൃപ്രയാർ: നാട്ടിക ശ്രീനാരായണ കോളേജും സ്ത്രീചേതനയും സംയുക്തമായി ഇൻവെസ്റ്റ് ഇൻ വിമൻ എന്ന വിഷയത്തിൽ സിമ്പോസിയം നടത്തി. സ്ത്രീകളുടെ ഉന്നമനത്തിനു വേണ്ടിയുള്ള പദ്ധതികളിൽ നിക്ഷേപം കുറഞ്ഞുവരുന്ന സാഹചര്യമാണ് കഴിഞ്ഞ മൂന്ന് വർഷമായി കണ്ടുവരുന്നതെന്ന് സിമ്പോസിയം വിലയിരുത്തി. സ്ത്രീചേതന പ്രസിഡന്റ് എ.ആർ. സുപ്രിയ, അഡ്വ. ജിഷ പള്ളിക്കര എന്നിവർ നേതൃത്വം നൽകി. പ്രിൻസിപ്പൽ പ്രൊഫ. എം.പി. സുബിൻ, വിമൻസ് സെൽ കോോർഡിനേറ്റർ വി. ദീപ, ഡോ. പി.എസ്. ജയ, ഡോ. ബീസ ഭാസ്കർ എന്നിവർ സംസാരിച്ചു.

Water ATM

The Thalikkulam Grama Panchayath has recently installed a Water ATM within the college compound, designed to provide easy access to safe drinking water for both students and the surrounding community. This facility exemplifies the ongoing commitment to community welfare and health, underscoring the collaboration between the Institution and local governance in addressing essential needs.

The Water ATM offers purified drinking water at a minimal cost, making it an accessible option for all, especially in areas where water scarcity or quality issues may be prevalent. For students, it provides a convenient solution to stay hydrated throughout the day, supporting their health and well-being. Community members also benefit from this initiative, creating a shared space where the Institution and the Panchayath meet the fundamental needs of both local residents and students.

This project is part of the broader community development efforts under the DICE initiative, which aims to provide practical solutions for community challenges while educating students on the importance of social responsibility and sustainability. The Water ATM serves as a model for sustainable water access, promoting responsible usage while emphasizing the role of local governance in enhancing public resources.

Environment Day Celebration 2023

Beat Plastic Pollution

As part of the ongoing Fruit Tree Campaign (initiated in June 2020), the department distributed and monitored fruit trees across the campus, with regular maintenance overseen by students and staff. On June 5th, the college was officially declared a “Zero Waste Campus,” underlining its commitment to minimizing waste and promoting sustainable practices. Additionally, endemic plants were distributed to the college's National Service Scheme (NSS) units, encouraging conservation of native species while involving students in plant maintenance. Alumni also contributed to the celebrations by planting fruit trees on campus,

demonstrating their dedication to sustainability and setting an example for current students. The program outcomes included enhanced awareness of plastic pollution, strengthened waste management initiatives, successful engagement of NSS and alumni in environmental activities, and preservation of native plants. Future plans include quarterly reviews of the Fruit Tree Campaign, additional training on waste reduction, and further collaborations with alumni and environmental organizations. The Department of Botany remains committed to fostering a sustainable, eco-friendly campus, with the success of this celebration reflecting its dedication to environmental stewardship and community involvement.
